COST OF FOOTBALL TO STUDENT BODY COMPILED BY MELOY

Figures Released in Report by A. S. U. M. President, Pete Meloy, Show Deficit of Nearly Three Thousand Dollars At End of 1932 Football Season

The following figures show comparative incomes and expenditures for the last four football seasons:

Income:	1929	1930	1931	1932
Receipts of Home Games...	\$ 2,091.77	\$ 1,481.42	\$ 2,157.64	\$ 1,979.96
Receipts of Games Away...	20,992.25	18,336.34	19,438.14	12,041.54
A. S. U. M. Appropriation...	3,347.50	2,947.50	3,180.00	2,957.50
Total	(26,431.52)	(22,765.26)	(24,775.78)	(16,979.00)
Operating Expense:				
Guarantees and officials for Home Games...	4,219.95	4,899.76	2,440.99	7,305.66
Travel to Games Away from Home...	9,017.68	5,935.29	3,324.61	4,951.13
Coaching...	1,199.70	2,199.27	1,575.00	75.00*
Labor...	394.13	425.76	844.15	447.13
Equipment and Supplies...	4,796.92	5,142.34	5,500.36	3,725.04
Publicity...	381.07	818.33	756.53	483.30
Training Table...	828.51	787.66	490.20	678.76
Scouting...	343.51	417.19	595.57	482.11
Awards...	442.95	441.81	445.33	263.33
Miscellaneous...	438.92	392.26	695.15	429.47
Total Dir. Op. Expense	\$22,063.34	\$21,459.67	\$21,667.89	\$18,840.93
Add: General Expense				
Conference...	658.65	427.48	1,127.54	
Interest...	172.52	151.44	144.43	
Miscellaneous...	418.70	60.67	116.01	1,050.00
Total Operating Expense	(23,313.21)	(22,099.26)	(23,056.17)	(19,890.93)
Surplus or Deficit	3,118.31†	666.00†	1,719.61†	2,911.93†

* Part of funds formerly used for assistant coaches now being used to defray expense of manager's office—included under general expense.
† This does not include a few unsettled accounts and spring football expense.
‡ Used in paying off indebtedness and assisting other athletic activities.

"How much has football cost the State University and how much has the student-body contributed toward that sport?" The answer to this question has been supplied by Peter Meloy, president of the Associated Students, in a recent survey showing comparative incomes and expenditures for the last four football seasons.

"Savings effected in Athletic Board expenditures for football (the 1932 season only) were not sufficient to make up the loss from decreased revenues," Meloy stated. The statement of football expenditures shows a net deficit of \$2,911.93 for the past season, but the statement also shows a net surplus or profit for the 1929, 1930 and 1931 seasons of \$5,503.92.

1932 Expenditures Decrease

Expenditures for the 1932 season were materially less than for the 1929, 1930 and 1931 seasons. The depression affected the budget and every item of expense was cut, except sums for guarantees and officials for home games and for early season training table. The explanation of the first is that two non-conference games, one freshman game and two conference games were played on the home field this year. One of the conference games required a large guarantee. In none of these games were the gate receipts nearly adequate to cover expenses. Since the conference passed a ruling last year which allowed early fall training to start on September 10 instead of September 15, additional expense was thus involved.

The item in which the largest saving was made during this season was the cost of travel to games played away from home. Fewer players were taken on the trips and day coaches instead of Pullman cars were used in several instances.

Federal Tax Is Item

In spite of the 10 per cent federal tax on sporting goods, equipment and supplies, nearly one-third less was spent in the 1932 season than in the 1931 season for these items. Substantial savings were also made in the costs of labor, publicity, scouting and awards. The 10 per cent federal tax also applied to gate receipts and cut this item of revenue.

As expenses to date amount to \$19,890.93 and revenue to \$16,979.96, an operating deficit of \$2,911.93 was sustained for the 1932 season. Add to the operating deficit the \$89.55 cost of the score board and a beginning deficit of \$1,399.77 attributable to other athletic activities than football, makes it necessary for the Athletic Board to borrow about \$4,500 to balance its account.

Cost of Football

According to Meloy, the Athletic Board should find it possible, by carefully budgeting its funds, to repay any borrowed money within three years.

"This statement," says Meloy, "has been submitted to the students for their approval."

Colloquium Will Be Led By Hewitt Tomorrow

Colloquium will meet tomorrow afternoon in the Natural Science building at 4 o'clock.

Barnard Hewitt, professor of English, will review and lead a discussion of "The Stage Is Set," by Lea Simonson. A social half-hour including refreshments, will precede Professor Hewitt's talk.

Dr. F. O. Smith, head of the Department of Psychology, was the originator of Colloquium and it has been held for the past eight years. The meetings, which are volunteer affairs, consist chiefly of book reviews offered by members of the faculty. It meets every two weeks, and is open to faculty members, students and townspeople.

Technocracy Is Discussed By Banker

Greene Speaks to Business Ad Club of Latest Theory Which Is Arousing Interest

"I remember the theory which is today furthered by technocracy as pure, unadulterated socialism 30 years ago," said H. R. Greene, vice president of the First National bank of Missoula, in an address to the Business Ad club last Wednesday evening.

"Today," he said, "it is the conservatives rather than the reds who support the theory." He went on to explain that technocracy is a collection of facts that have been evolved by a self-appointed committee of scientists under the auspices of Columbia university. It is an energy survey of North America and attempts to measure modern civilization by energy units. These findings have received extensive notice by leading magazines, financial bulletins and news reviews.

"They report," he continued, "that America is in a serious economic and social crisis, due to the development of the machine and the consequent unemployment resulting therefrom. They show that if energy units which America employs today were operated at capacity they would do work that would require five times the population of the world to accomplish were we to attempt to do it by man-power."

Technocrats state that the solution of this problem of the machine replacing man-power does not lie in either communism, socialism or fascism. They state that most of the expedients that are being adopted at the present time to combat unemployment are merely palliatives, Mr. Greene explained. They give as the only possible means out of the dilemma the abandonment of the price system, together with controlled production.

"But this raises some awkward questions," said Mr. Greene. "Who shall own the machinery that does our work; who shall determine what machinery shall be built and how much it shall produce; upon what plan shall this division be made; how and by whom are these amounts to be given?"

"That," he concluded, "technocracy does not tell us; they tell us it is a problem that must be worked out by the people themselves."

New Gas Range Given Department

A new gas range has been given the Department of Home Economics by the Northwest States Utilities company through the efforts of T. G. Swearingen, head of the maintenance department and officials of the firm, in exchange for the old range, which was also a gift.

"The design of the exterior is a great improvement," said Miss Helen Gleason, head of the Department of Home Economics.

According to the manager of the gas company, the new range has automatic hot heating, an insulated heat-controlled oven, non-clog three-in-one burners, two utility drawers and many other improvements.

Mrs. Violet Hollis of the Northwest States Utilities company demonstrated the new range by cooking a meal with both sections of the foods 15b class yesterday afternoon.

Emily Mills spent Sunday at her home at Hamilton.

Band Will Have Mixer Following Friday's Game

Annual Dance Will Aid in Financing Activities of Organization For Coming Year

To help finance its activities for another year the Grizzly band is holding its annual band dance Friday after the Bobcat-Grizzly game.

The annual dance originated as a formal, but last year the committee decided that since it was held after the Bobcat-Grizzly game, a mixer would be more appropriate. The mixer with an admission price of 25 cents was so popular that the committee decided to continue it. Music will be furnished by George Bovingdon's five-piece orchestra.

"The band merits the support of the student-body because it is strictly a service organization," Pete Meloy, student president, said yesterday.

Proceeds of the dance will be used to buy music stands which have been needed for some time, according to Prof. Stanley Teel, band director. If the proceeds are large enough, the band may be able to buy a new brass drum and some new music.

"We expect the receipts to be large enough to cover everything we really need because of the mixer's good reception last year," said Professor Teel.

The Grizzly band was organized 35 years ago, on February 24, 1898, and the dance last year was held as a birthday celebration.

Missoula Residents Benefit by Permits

Approximately One Thousand Cords of Wood Are Removed

Since late October of last year, Missoula residents have been issued more than three hundred and fifty free-use wood permits, allowing them to take cordwood from the School of Forestry timber tract in Pattee canyon. Permits will be allowed until April 15.

In an estimate made by Prof. Fay G. Clark, who is in charge of operations, approximately one thousand cords have been taken from the 90-acre tract to date, and more than eight hundred additional cords will be taken out by April 15. Each permittee is allowed five cords of wood for home use.

THREE GRADUATE STUDENTS

Three former county superintendents, all graduate students, are registered at the State University. They are Ethel J. Starnor of Circle, McCone county; Annie L. Chester of Townsend, Broadwater county, and Daisy Blackstone of Chinook, Blaine county.

Co-eds Plan To Cut Cost For Formal

Sororities May Agree Not to Take Guests to Dinner Before Or After Dance

Lina Greene, Missoula, chairman of arrangements for the eighteenth annual Co-ed formal, reported at a meeting of Associated Women Students yesterday afternoon that the plans for the dance are working out satisfactorily and that the dance promises to be one of the most successful in the history of the tradition.

In order to cut down expenses this year, it was suggested that the co-eds do not take their guests to dinner either before or after the dance. Sororities have been asked to discuss this matter with their members and bring back a definite decision in the matter at the next meeting.

Grace Johnson, chairman of the committees in charge of the annual Christmas party given for the poor children of the city, gave a report on the party held last December.

Dr. J. P. Rowe will talk on "Why Montana Is Called the Treasure State." Hazel Alden will give several contralto solos, accompanied by Russell Watson on the violin.

Twenty-ninth Interscholastic Meet Is to Take Place as Scheduled

Statement That Committee Cannot Pay All Expenses, to Be Included In Invitations to High Schools

The Twenty-ninth Annual State Interscholastic Track and Field meet will be held on May 10, 11 and 12 as scheduled. This announcement was made by Dr. J. P. Rowe, chairman of the Interscholastic committee, Saturday morning. Invitations to participate in the 1933 Interscholastic will be sent tomorrow to the 200 accredited high schools in the state, who are members of the Montana High School Athletic association.

Dr. Rowe made public today. Included in the invitation will be a statement that "the committee cannot guarantee to pay all the expenses except those incurred by the winning teams in the Little Theater tournament."

At present the committee plans to pay the entire expenses of the meet only if (1) the railroads agree to offer the same rates to contestants as they did one year ago; (2) the United States government will waive the tax on tickets and ticket sales; (3) if the general business conditions in Missoula are bettered by March so that the business men of the city may be able to cover the deficit incurred by the meet.

"We hope that the schools and business men will get behind our move and help make this the best interscholastic meet we have ever had, as I believe we can," was Dr. Rowe's comment yesterday, while explaining the financial situation in which the committee finds itself.

First demand upon the revenue from the meet will be the expenses of conducting the contests as incurred by the committee itself, amounting to approximately \$1,500. Then contestants' expenses will be pro-rated, figuring on the basis of each school. Dr. Rowe cannot exactly estimate the expenses for the meet, but he does believe that the committee can meet \$1,500 of the total expenses. How much more they can meet will depend upon the willingness of the business men of Missoula to raise additional funds. The probable cost of the meet this year will be \$3,000, and any amount over that sum will be divided among the competing teams to the extent of one-half of the team expenses.

Definite decision as to whether the committee will guarantee complete financing of the meet will not be made until March. Invited high schools will be informed then of the committee's decision.

"The decision," said Dr. Rowe, "may be hard to make, because times are worse this year than they were last year, but we had the biggest crowd then that we have ever had at an Interscholastic Meet."

Big Bill Tilden And Other Stars Will Play Here

Tilden and his company of professional stars will play in Missoula on March 1, using the floor of the men's gymnasium for a court. Hans Nelsen, German star, and Bruce Barnes of Texas, are two of Tilden's partners who have won favor with the crowds in every city they have played.

Tilden, who will be 41 years old in February, has recently announced that he will retire from the competitive game in the autumn. This means the retirement of a man who has put tennis on the front pages of American newspapers and made his name synonymous with tennis from Alaska to China. He was America's ranking tennis player from 1920 to 1930 and its outstanding professional since then.

His present plans call for professional matches in the United States until June 15 and then a tour of Europe, after which he will hang up his racket and begin promoting large indoor tennis courts.

By the time he returns from Europe, at least one of his proposed courts will be finished and ready for operation. Big Bill believes, though other professionals have failed to draw in this country, that if good tennis is offered the public will pay to see it.

Tilden said that tennis has been half his life, enabling him to represent his country against almost every nation. It enabled him to meet the world's best people and to enjoy himself in what he believes to be the best of all games. He has been in big-time tennis since 1911 and feels that at 41 it is time to quit.

Fritz Walker, Great Falls, injured her knee while skiing Sunday afternoon.

Hitchcock Prepares Botany Specimens

Desert, Mountain and Eastern Flora Are Included in Collection

Dr. C. L. Hitchcock is at the present time mounting several collections of plants which have been received recently by the Department of Botany.

One group which is of special interest is the one which Dr. Hitchcock collected with the help of Dr. Munz of Pomona college, Clairmont, Cal. During the past year Dr. Hitchcock taught at Pomona college, taking the place of Dr. Munz who was on sabbatical leave. During the spring Dr. Munz and Dr. Hitchcock made a trip through Death valley and Panamint valley in California with a group of Pomona college students looking for spring flora of the type which was to be found on the floors of the desert valleys.

The party entered Death valley by way of Emigrant pass and according to Dr. Hitchcock, found much of interest in the numerous deserted mines throughout the valley.

Another collection of plants has been received from the Carnegie Institute at Stanford which includes types found in the Sierra-Nevada mountains.

A smaller collection of plants representing types found throughout the eastern States was received from the Gray Herbarium of Harvard university.

BEG YOUR PARDON

Due to an error in the registrar's office, the name of Jane Tucker, Great Falls, who made 30 grade points with an index of 2.5, was omitted from the autumn quarter honor roll.

SIX units of higher educational institutions compose the Greater University of Montana. In charge of these units are the State Board of Education and a trained director bearing the title of Chancellor. The Chancellor has a variety of duties in regard to the schools. He studies their financial needs and helps prepare budgets which will properly maintain each school. He represents the Greater University at meetings of the State Board of Education. The legislature has, in the last few days, been considering a bill which will abolish the office of Chancellor. The men opposed to the chancellorship state that he is "too expensive." Those favoring his work declare that without him there would have to be an expensive, disastrously competitive and time-wasting lobby from each of the six institutions, as there was before the inauguration of the chancellorship system. The avoiding of duplication alone in the units is a valuable saving to the people of Montana. If imitation is the sincerest flattery, then the chancellorship system is a good one, as several states, the most recent being Oregon, have adopted plans similar to this one of Montana's. A trained educator, whose job is to know school texts, budgets and courses of study, can do more to keep six widely-separated units on a par with each other, financially and scholastically, than any casually interested board of business men, however conscientious they might wish to be. We do not agree with all of the Chancellor's plans, viz., the building of more dormitories—but we do feel that a Chancellor is an essential part of the well-being and functioning of these scattered schools of ours, and we hope the legislature will not get too hasty in removing his job.

HELL weeks have been, probably are, and inevitably will be a source of entertainment on the campus for the rest of this year. We have always been rather decidedly opposed to so autocratic a system of humiliating fellow human-beings. It seems to us that there are other methods, just as effective and certainly much more dignified, of impressing a neophyte with the privileges he will be accorded by becoming a member of the Greek-letter organization he has chosen. But the other evening we saw three humble boot-blacks who did not seem to be overly depressed by their lowly status in society. And it occurred to us that we have heard men relate, with relish and amusement, tales of the hardships they had undergone to earn the jeweled pins they wore. And then it occurred to us, further, that people are very peculiar, and that reform is not always appreciated by those whom it would help. So we decided to forget our natural inclination toward criticism and hope that all the young sufferers find that it has been worth while—and change the subject.

AS USUAL, the Masquers' one-act program was entertaining and well done. We liked the choice of plays and their presentation. The wordless Chair Man in the last farce was a beautiful example of the effectiveness of pantomime. The petulant old Sergeant-Major in the melodrama achieved his success through tones of voice—a difficult method of characterization. The crowd was surprisingly large for a one-act audience. It just goes to show that all people need was a realization of the entertainment possibilities of one-act plays.

R. L. Freeman, professor in the Department of English, was injured Saturday afternoon while skiing.

OH HUH

Sacramento, Calif.—Announcing that the "R" series of automobile license plates will again be assigned to a select list of his friends, Governor Rolph explained: "The plates are merely a courtesy of the governor's office. They imply no special privilege or immunity."

Nevertheless we'd like to have a set of the new plates . . . particularly if the highway patrol act goes through.

"It requires considerable effort to drink enough beer to get intoxicated."—Prof. Vandell Henderson of Yale, testifying before House Ways and Means Committee.

One never gets anything without trying, is our theory, Professor.

(Classified ad)—Marble games, S, for good box, children's toys, dishes or what. Box Z1555.

We'll guess with you . . . what?

Let us answer your questions on technocracy. The Broadcaster's knowledge nook for busy Montana students. Send in your questions.

Question—As I understand it, everyone will be required to work at what he or she is best fitted for if Technocracy is adopted. What arrangements will be made for utilizing the services of this country's 7,132 coloratura sopranos, of which I am one? Sophia Voicebox.

Answer—Each will be permitted to sing one note, thus requiring 327 coloraturas for one song, during which time all radios will be disconnected by a central control switch.

Question—I am a Technocrat, but I do not understand what it means. Please give me a correct definition of Technocracy, which I can pass on to my customers. Fiddle, the Barber.

Answer—Technocracy, according to H. Scott, assumes from its postulate that there already exist certain fundamental and arbitrary units which, in conjunction with derived units, can be extended to form a new and basic method for quantitative analysis and determination.

The teas at North are not a treat. One never gets enough to eat.

(NSFA)—According to mid-term reports posted at the registrar's office recently, 1450 University of North Carolina students are failing their work thus far this quarter. The number of warning marks is recorded out of a student body of approximately 2,500.

At that rate it would take only two spring quarters in a row to flunk out all of the students at Montana.

Especially if the Collier bill is passed before spring quarter begins.

Do not ask her to go skating. If you wish to keep your rating.

North Hall

Mary Alice Coulson was the luncheon guest Saturday of Margaret Ruth-erford.

Elinor Shaw was the guest of Mary Emmett for dinner Sunday.

Alberta Wilcox was a guest of Marion Lewellen at dinner Sunday.

Billie Marie Flickinger was a guest of Dorothy M. Eder at dinner Sunday.

Ruth Perham spent the week-end in Butte, returning to Missoula Sunday afternoon.

Miss Billie Kester of Helena is the guest of Mrs. Theodore Brantly.

Formal

North hall women were hostesses at a formal dance Friday night. The chaperons were Pres. and Mrs. C. H. Clapp, Prof. and Mrs. F. C. Scheuch, Dean Harriet R. Sedman, Prof. and Mrs. C. F. Deiss, Mrs. Theodore Brantly, Miss LaGreta Lowman and Miss Ruth Nickey. Ninety couples were present. Nat Allen and his orchestra furnished the music.

Corbin Hall

Miss Billie Kester of Helena was the dinner guest of Mrs. F. K. Turner. Mrs. Maud Betterson was a guest of Mrs. F. K. Turner for dinner Saturday.

Emaline Gould was a guest of Georgia Buckhouse at dinner Saturday.

Formal

The annual Corbin hall winter formal was held Friday night. Chaperons were Dr. and Mrs. C. H. Clapp, Dean Harriet R. Sedman, Helen Groff, Mr. and Mrs. T. G. Swearingen and Mrs. F. K. Turner. Guests were Mildred Huxley, Alice Crawford, Gladys Avery, June Hartley, Lovina Caird, Josephine Liggett, Josephine Wilkins, Alice Lamb, Virginia Connolly, Phyllis Lehmann, Marion Smith, Dorothy Johnson, Amoretta Junod, Virginia Graybeal, Joy Browning, Betty Kelleher, Kay Evans, Elza Huffman, Bunny O'Leary, Mabel Colby, Margaret Johnson, Kathleen Dunn, Mary Storey, Lynda Jane Bruckhauser, Katherine Eamon, Bessie Webster, Margot Milne, Esther Strauss, Margaret Sullivan and Kathleen Morrison. Music was furnished by Junior Deane.

Formal Initiation

Sigma Nu fraternity held formal initiation ceremonies Sunday morning at the chapter house. The new actives are: Robert Lebkicher, Miles City; Marlin Maughan, Lethbridge, Alta.; John Morrison, Livingston. Preceding the ceremony, those to be initiated were honored at a silent supper at the house Saturday evening.

Fireside

Sigma Phi Epsilon fraternity entertained at an informal dance at the chapter house Saturday evening. Capt. and Mrs. Fred Rogers and Lieut. and Mrs. A. E. Rothermich were the chaperons of the evening.

Buffet Supper

Actives and pledges of Delta Gamma sorority were entertained by the Mothers' club at a buffet supper given at the home of Mrs. George M. Jennings Sunday evening.

Kappa Initiation

Kappa Kappa Gamma held formal initiation Saturday for Beth Hammett of Billings, Mary Hobbs of Butte, Jane Nofsinger of Missoula, Margaret Bielenberg of Deer Lodge, Mary Kohn of Missoula, Jerusha Murray of St.

like to use it in opposition to one now on the market. Our title would be "Here It Is Monday, and I Ain't Got a Dollar."

There are only 10 more days 'till Co-ed.

Ignatius, Helen Halloran of Anaconda, Eleanor Potter of Greenough, and Betty Ann Polleys of Missoula. A luncheon was held Saturday afternoon at the Florence hotel for the actives and the initiates.

Fireside

Sigma Nu fraternity was host at a fireside held at the chapter house Saturday evening. Prof. and Mrs. Leon Richards were chaperons. Music was furnished by the Kampus Kings.

Masquers Entertain

Montana Masquers entertained at a social meeting at the Little Theater Friday evening. All of the guests came dressed to represent characters in previous Masquer productions. Refreshments were served during the evening.

Week-end guests at the Sigma Chi house were Virgil Lockridge, Alex Cunningham and Tom Tobin.

Margaret Lord returned Monday after spending the week-end at her home in Yellowstone National park.

Alpha Phi held initiation Saturday for Emma Bole, Bozeman, and Virginia Tait, Whitehall.

Mary Castles spent the week-end at her home in Superior.

Mary Beth MacKenzie was a dinner guest at the Kappa Kappa house Sunday.

Frances Richards was a luncheon guest at the Kappa Delta house Monday.

Mable Colby was a Sunday dinner guest at the Delta Gamma house.

Mrs. O. K. Chapman of Deer Lodge was a week-end guest at the Alpha Phi house.

Miss Gladys Allred was a dinner guest at the Kappa Delta house Monday evening.

Kay Evans, Fae Logan and Hazel Thomas were supper guests at the home of Betty Ross in Bonner Saturday evening.

Kathryn Coe spent the week-end in Dixon.

Margaret Breen was a dinner guest at the Alpha Phi house Sunday.

Norman Walker and Stan Searce of Roman were week-end guests at the Delta Sigma Lambda house.

Mr. and Mrs. Lester Tarbets were guests at the Phi Sigma Kappa house for dinner Sunday.

Howard Gullickson was a dinner guest at the Sigma Nu house Saturday evening.

Tuesday evening dinner guests at the Sigma Phi Epsilon house were Jack Oliver, Leonard Nelson, John McGilvery and James Sonstelle.

Formal pledging was held Sunday at the Kappa Alpha Theta house for Edith Atkinson of Havre.

Friday night dinner guests at the Kappa Kappa Gamma house were Frances Walker, Mary Isabel Stewart, Evelyn Hemgren and Ruth Polleys. Josephine Marsh was a dinner guest at the Kappa Alpha Theta house Sunday.

David Roberts, William Dineen and George Boomer of Hamilton, were week-end guests at the Alpha Tau Omega house.

Dinner guests at the Kappa Alpha Theta house Thursday night were Helen Schroeder, Georgia Stripp and Tana MacDonald.

Katherine Sinnott was a dinner guest at the Alpha Chi Omega house Thursday night.

Miss Catherine White and her mother were dinner guests at the Kappa Alpha Theta house Sunday.

Sunday dinner guests at the Alpha Chi Omega house were Marie Christian, Katherine Sinnott and Hannalee Headley.

Mary Beth MacKenzie was a dinner guest at the Alpha Chi Omega house Friday night.

With the Fraternities at Montana

ALPHA PHI

The national organization of Alpha Phi was founded at Syracuse university, Syracuse, N. Y., in 1872. Forty-six years later, in 1918, Chi chapter was established on this campus when Delta Phi Zeta, a local sorority, was granted a charter by Alpha Phi.

In 1902, the first intersorority conference was held in Chicago, with Alpha Phi acting as hostess. Six sororities attended this meeting which was the beginning of the national Pan-Hellenic organization.

Prominent in campus activities, Alpha Phi has held one of the foremost positions on the campus since her installation. In 1931 and 1932, the members of this sorority were awarded the Scholarship cup and the same year, they won second prize for Track Meet decorations. First prize was awarded the Alpha Phi contestants in the Co-ed Prom act in 1929 and the sorority has participated in several Varsity Vodyl finals during its career. Members of this group have been active in several of the campus organizations, including Masquers, Sigma Alpha Iota, Theta Sigma Phi, Psi Chi, Symphony orchestra and Glee club.

Among students who are members of Alpha Phi and who have been prominent on the campus in recent years are: Ella Pollinger, A. W. S. president, Spur and Mortar Board; Gertrude Hawks, May Fete chairman and Masquer; Edna Tait, Mortar Board and Masquer; Marion Cline, Mortar Board and president of Sigma Alpha Iota; Ruth Gillespie, Mortar Board; Dorothy Hannifin, vice-president of Law School association; Marcia Patterson, A. W. S. president; Mary Kimball, president of Pan-Hellenic and member of Kappa Tau; Marguerite Hughes, A. W. S. president and May Queen; Helen Castles, secretary of Central Board.

Local alumni and faculty members belonging to this sorority are: Isobel Brown, instructor in the Department of History; Cora Quast, formerly of the Metropolitan Opera; Ruth Smith, president of A. A. U. W., and state secretary; Mitzi Bromon, Y. W. C. A. secretary.

Many members of Alpha Phi sorority are prominent nationally. Among them are: Anna Roosevelt Dahl, daughter of President-elect Roosevelt; Clara Bradley Burdette, honorary vice president of the International Federation of Women's Clubs; Milliecent E. Mattocks, delegate to International Federation of University Women's conference at Edinburgh last July; MaWan Dole Roper, entrant in diving contests at Olympic and winner of third place; Nancy Ann Miller, Mahirna of India; Mrs. Walter Diel Scott, wife of the president of Northwestern; Winifred Johnston, poetess and writer.

TWO WOMEN INJURED IN TOBOGGAN ACCIDENT

Katherine Evans, Whitehall and Fae Logan, Deer Lodge, sustained painful injuries Saturday evening near Bonner when the toboggan on which they were riding struck a loose plank by the side of the path. Miss Evans will be confined to her home this week.

Severy Discusses Flowering Plants

Asks Aid of Club in Supplying Campus Rock Garden With Flowers

Dr. J. W. Severy, professor of botany at the State University talked Saturday to members of the Missoula Women's club discussing the flowering plants of Western Montana and telling them of the plans being made for the rock garden on the campus.

Dr. Severy varied the procedure from that usually taken by speakers on the subject of local plants and told his listeners of the life habits of different plants, reasons for the peculiar distribution and differentiation of the types of flowers.

Familiar plants such as buttercup, daisy, white canas, bitter root, phlox, snap dragon, shooting star, larkspur, lupine, flowering currant and many others were discussed and their peculiarities of location and growth explained.

Dr. Severy invited members of the Missoula club to co-operate with the botany and biology departments to the extent of helping supply plants to stock the rock garden on the campus. Members of the club were asked to call one of the departments before making trips into the mountains in order to find out what kind of foliage and plants were needed for the garden and in order to get descriptions of the plants so that recognition would be easy.

Clark Will Write State Latin Tests

At the request of Miss Leora M. Hapner, head of the Department of Education and Psychology at the State College at Bozeman, Prof. W. P. Clark of the Department of Foreign Languages will prepare the Latin tests to be used at the district and state scholarship contests this year. District contests will be held April 14 and 15 and the State contests April 27, 28 and 29.

Professor Clark says that both Latin I and Latin II students will be tested first, upon their ability to read and answer questions upon this reading, and secondly, to form and identify the parts of speech and explain their positions in the sentences.

These papers will be graded at the State College by a key furnished by Professor Clark. He prepared the papers for the state contest last year.

Jean Gordon, Great Falls, is in Corbin hall infirmary with the flu.

Grizzlies Go Down Before Saint Squad

Accurate Shooting, Close Guarding Gives Helena Basketeers 39-34 Victory

Launching a barrage of sharp-shooting which at times seemed uncanny, the Carroll College Saints Saturday trounced an upset into the state basketball race and turned the Grizzlies back with a 39-34 defeat.

The Saints were hot and hit the hoop with nearly seventy-five per cent of their tries. Add surprisingly close guarding and the best team won. At half time the Saints posted a 20-13 lead and in the final period stopped a late Grizzly rally which threatened to tie the score.

Dick Fox, veteran guard, and Buck Heller, center, carried the burden of the Grizzly attack but the Saints were unstoppable. O'Connor, forward and guard for the Helena quint, regained his eye for the first time this season and dropped six field goals to tie with Fox for individual high-scoring honors.

Thirteen fouls were called on the Saints but the Grizzlies were able to convert only two free attempts. The Saints added three tallies on as many fouls allowed by the Grizzlies.

Lineup and Summary:

Grizzlies (34)	FG.	FT.	PF.	Pts.
Andrews, f	0	0	1	0
Heller, c	5	0	0	10
McDonald, f	2	0	1	4
Dahlberg, c	0	0	0	0
Fox, g	6	1	0	13
Hilleman, g	0	1	1	1
Brown, f	3	0	1	6
Erickson, f	0	0	0	0
Carroll (39)				
O'Connor, f, g	6	0	2	12
J. Freebourn, f	2	1	3	5
May, c	3	0	1	6

Nugent, f	5	0	0	10

Only Sororities Will Participate In Year's Meets

Greek-Letter Groups Have Smaller Number of Contestants; Kappa In Lead

Participation in intersorority athletics will be limited to sororities only, it was decided by the executive board of the Women's Athletic association at a meeting held yesterday afternoon. The organization believes that it will be better to have only sororities in the meet. There will be a separate meet for the Independent, women and four or five teams will compete.

This action will make the intersorority contests more competitive because they have smaller groups from which to select their teams. By the action of the board, the results of the Intersorority Swimming meet, held last quarter, have been changed. Since the Independent women had won first-place honors, their place was given to Kappa Kappa Gamma, who placed second at that time. Thus they have five points earned toward the cup to be presented to the team having the greatest number of points at the end of spring quarter. Second place goes to Alpha Phi, who has earned three points. Alpha Xi Delta has earned one point toward the cup, and third place in the swimming meet.

Louise Geyer, Great Falls, was selected as manager of the intersorority basketball games, which are scheduled for February 14, 15 and 20.

The Women's Athletic association has decided to have a physical education demonstration on March 7. Eva Lesell, Belt, was appointed manager of the affair.

Plans for a skating party to be held January 31 were discussed but no definite arrangements were made.

Masquers Select Technical Chiefs

Five new chiefs will be in charge of the technical phases of the Masquers' winter quarter production, "The Truth About Blayds," by A. A. Milne. The various committees began to function this week and rehearsals were started under the direction of Bernard Hewitt, dramatic director.

Those selected for the technical work have served as assistants for other productions but have not been in charge of their particular phase of the work. They are: stage manager, Joe Wagner, Missoula; master electrician, George Boileau, Milltown; costume mistress, Shirley Knight, Missoula; and property mistresses, Gloria Proctor, Kallispell, and Emma Bole of Bozeman.

Boston university students have bought 11,000 apples from a vending machine in the university book store in five school months.

Sporty Vents

Now that the Grizzlies have been defeated by Carroll college we hope that the anvil chorus does not begin. Instead of branding our team as a bunch of bums, let's give credit where it is due and admit that the Saints must have a mighty good team.

The depression has caused many changes in the athletic world, but one of the most interesting changes proposed is a Notre Dame-Michigan football game next year. The game is only a rumor as yet but there are many reasons why it should be played.

Michigan is one of the schools finding it hard to fill their stadiums recently and Notre Dame will bring them more money for a single game than any other opponent. On the other hand, Notre Dame, who is always sure of packing them in away from home is finding it very difficult to fill their own stadium at South Bend.

These two teams on their average strength through the decade have been the best in the mid-west. They both have a large following and would be sure to draw large crowds from Detroit and Chicago wherever the game was played. The two schools are only three hours travelling time apart.

Red Grange, whose ball-carrying statistics have been mentioned in terms of miles, was stopped very effectively by the Green Bay Packers in a charity grid game at San Francisco Sunday. The famous redhead's average yardage was a minus 4 for the day's work.

Oregon State is still angling for a football coach. A big-time coach at a small-time salary is what they have in mind. Percy Looney, director of athletics at Denver, is one of the most prominently mentioned for the job. Slip Madigan, St. Mary's mentor, is one of the latest to be mentioned as favorable to the proposition.

Bill Corbus, all-American guard from Stanford, says that football players should be given their board, room and tuition openly, which would eliminate the underhand practices that prevail now.

Corbus is president of the student-body at Stanford and a short time ago at a meeting of the National Students' Federation of America at New Orleans, made his proposal. It was voted down at that time, but Corbus believes that after having time to think the thing over, the boys will give it more support.

He intends to bring it up again at the next meeting to be held at Washington, D. C., next fall. He also proposed that schools take out a blanket insurance policy on all their athletes. The schools take care of their injured athletes now but Corbus pointed out that there are injuries received in college that might not show up until the injured man is through school and no longer eligible to be cared for by the school.

The proposal of free tuition, board and room drew forth many comments from Stanford officials, coaches and players. A few are in favor of it but most of them say it is impractical. The main objections are that it will not decrease proselytizing, it will add further emphasis to football and there would be no telling where it would stop. Basketball, track and baseball players would consider themselves eligible for the same awards.

Grizzlies Prepare For Bobcat Tilt This Week-end

Lloyd Andrews and Jack McDonald Are Dropped From Squad By Lewandowski

Hoopsters on the Grizzly squad enter the final week before they tangle with their traditional rivals, the Bobcats, in the first of a two-series feud on the home court, Friday night. Two regulars from the Grizzly team will be missing from the lineup for the remainder of the season. Captain Lloyd (Monk) Andrews and Jack McDonald were dropped from the squad yesterday because of "gross violation of training rules and regulations."

Coach Lewandowski, after practice session yesterday, stated that "the men on the squad at present clearly understand that I firmly stand on strict training regulations and good, hard, clean basketball." The incident for which the men were dismissed occurred while the team was in Helena for the contest with the Carroll College Saints Saturday.

Monday's workout for the Grizzlies was short but hard. The coaches are driving the men in defense and smoothing up the fundamentals of their quick-breaking offense. All sessions for the remainder of the week will be devoted to ways and means of stopping the Bobcats.

Until their defeat Saturday at the hands of the Carroll Saints, the State University team was accorded an even break with the boys from Bozeman. However, the Grizzlies may be able to settle their defense and offense and play an entire game of the kind of winning basketball they have demonstrated they are capable of playing in their previous games.

John T. Nash of Bozeman, a student at the Law school, has withdrawn from school.

Silfast Gets Best Score On Saturday

Sigma Alpha Epsilon, Phi Delta Theta and Sigma Chi Down Bowling Opponents

Sigma Alpha Epsilon defeated Yebis Chi, Sigma Chi downed Kappa Sigma, and Sigma Nu fell before the consistent rolling of Phi Delta Theta in the second round of the Intramural bowling league, Saturday.

Silfast of the Kappa Sigma team was the high scorer, with a 585 total, and Shultz of the S.A.E. team rolled 555 for the second honors. Calder's 218 was the best score for a single game, and was followed closely by 214 totals by Sullivan and Shultz.

The scores:

Grizzly Cubs Victorious In Game With Fort Missoula Quintet Friday

Holmquist Is High Scorer for State University; Erb Leads Soldiers; Game Is One-sided With Score of 47-12

Thirteen Grizzly Cubs sank the Fort Missoula basketball five by the one-sided score of 47 to 12 in an easy game Friday night. The two Dons, Knievel and Holmquist, centers, led the alternating Frosh teams. Holmquist topped the scoring list with seven baskets from the field

and Knievel was outstanding for his general floor play. Davison played a smooth and clever guard game and was ably assisted by his teammate, Brandenburg, guard.

The soldiers threw 11 men against the Cubs in an effort to stop the mounting tally on the score sheet. Erb, a guard, played the most consistent game for the soldiers and with four baskets, was the army's high point man.

The Cubs opened fast, getting the aim and sinking several baskets in rapid succession. Coach Lockwood began sending in subs, the soldiers matching them until half time. The

Mountaineers Plan For Overnight Trip

An overnight trip to the White ranch six miles southeast of St. Ignatius, is the program of the Montana Mountaineers next week-end.

The party will be met at St Ignatius by Van Ostrand, manager of the ranch as the snow may be too deep to permit the party to drive their cars in to the ranch.

The leader, Harriet Lynn, requests everyone who plans to go, to call her at the Shapard hotel Tuesday or Wednesday at the latest so that she may make arrangements for their accommodations at the ranch.

You smoke a Pipe

and we'd like to talk with you about it

All races of people since the beginning of time, so far as we have been able to read, have had some kind of a pipe and have smoked something—whether they called it tobacco or what not.

AND since smoking a pipe is so different from smoking a cigar or cigarette, we made a most painstaking, scientific study in an effort to make, if we could, a tobacco which was suited to pipes.

We found out, first, that there was a kind of tobacco that grew in the Blue Grass section of Kentucky called White Burley, and that there was a certain kind of this tobacco which was between the tobacco used for cigarettes and the tobacco used for chewing tobacco. It is this tobacco which is best for pipes.

We found out that Mr. J. N. Wellman, many years ago, made a pipe tobacco which was very popular. But it was never advertised and after he passed away nothing more was heard about it. We acquired this Wellman Method and that is what we use in making Granger.

Next was the cut. We knew that fine tobacco burnt hot because it burnt so fast. You could hardly hold your pipe in your hand, it got so hot at times. So remembering how folks used to "whittle" their tobacco we cut GRANGER just like "whittle" tobacco—"Rough Cut." It smokes cooler, lasts longer and never gums the pipe.

So far, so good. Now we wanted to sell this tobacco for 10c. Good tobacco

—right process—cut right. So we put Granger in a sensible soft foil pouch instead of an expensive package, knowing that a man can't smoke the package.

GRANGER has not been on sale very long, but it has become a popular smoke. And we have yet to know of a man who started to smoke it, who didn't keep on. Folks seem to like it.

Student Organizations Are Asked To Have Sentinel Pictures Taken

Rates Have Been Reduced for Group Pictures; More of Senior Photo Schedule Is Announced by Woody

Student social and honorary organizations that have not had their pictures taken for the 1933 Sentinel are requested to do so at once. Kathleen Harrigan, Sentinel business manager, urges the different groups to make appointments with her as to the time and date immediately. By doing this, the pictures may be taken and sent to the engravers on time. The rates for group pictures have been reduced to \$20 for a full-page picture and \$12.50 for a half page this year. The editors hope that all campus groups will take advantage of these new low prices.

The following schedule is for the senior pictures. Seniors are requested to note the time at which they are expected to appear at the studio for their appointment.

Wednesday, January 25

Nine o'clock, Mary Story; 9:15, Mary Schoenhals; 9:30, Solveig Undem; 9:45, Jack White; 10:00, Frances Walker; 10:15, Stanley Trachta; 10:30, Alice Taylor; 10:45, Verna Smith; 11:00, Richard Whitaker; 11:15, Josephine Wilkins; 11:30, Walter Cooney; 11:45, Newton Culver.

One o'clock, Leland Kennedy; 1:15, Michael Kennedy; 1:30, Russel Kinney; 1:45, Genevieve Krum; 2:00, John Sheehan; 2:15, Hazel Thomas; 2:30, Bill Veeder; 2:45, Mary E. Woody; 3:00, Doris Kindschy; 3:15, Helen Larson; 3:30, Hugh Lemire; 3:45, Rubin Lewon; 4:00, Hilmer Hansen; 4:15, Lovira Hart; 4:30, Earle Heagy; 4:45, Eileen Jennings.

Thursday, January 26

Nine o'clock, Clarence Watson; 9:15, Russell Watson; 9:30, Frank Curtiss; 9:45, William Davis; 10:00, Frank Flanagan; 10:15, Mary Agnes Kurth; 10:30, Howard Ager; 10:45, Beatrice Rothenberg; 11:00, Alfred Dahlberg; 11:15, Dwight Elderkin; 11:30, Joy Browning; 11:45, Sarah Lou Cooney.

One o'clock, Joe Lasby; 1:15, Marguerite Lewis; 1:30, Ellen Luloff; 1:45, Ambrose Measure; 2:00, Robert Leslie; 2:15, Glenn Lloyd; 2:30, James Likes; 2:45, Harlan Matson; 3:00, Don Marrs; 3:15, Peter Meloy; 3:30, Fred Morrow; 3:45, Leo Murphy; 4:00, Maude Evelyn Lehou; 4:30, Mary E. Martin; 4:45, Katherine Mason.

Friday, January 27

One o'clock, Ted Mellinger; 1:15, Kathleen Miller; 1:30, Fred Noyd; 1:45, Emma Pokorny; 2:00, Helen Smith; 2:15, Jim Speer; 2:30, Leola Stevens; 2:45, George Stewart; 3:00, John Ross; 3:15, Dick Schneider; 3:30, Allen Smith; 3:45, William Taylor; 4:00, Willard Miller; 4:15, Carter Quinlan; 4:30, Margaret Raitt; 4:45, Frances Richards.

Students Receive Masquer Points Under New Rule

Thirty-three Workers Are Given Recognition for Work On One-Acts

Under the new mechanical system adopted last quarter by the Montana Masquers, students who were members of the cast and production crew for the one-act plays were given points toward membership into the dramatic organization.

Those receiving points and the number earned by each are: Elmo Cure, 5; Margaret Raitt, 5; Leslie Pace, 2; William Blaskovich, 1; Stephen Angland, 2; Margot Milne, 5; Ossia Taylor, 5; Donna Fitzpatrick, 5; Don Marrs, 5; Helen Marie Donahue, 5; Phil Pollard, 1; Alice Taylor, 5; Joe Wagner, 5; Leslie Dana, 2; Melvin Hedine, 2; Phillip Patterson, 2; Richard Shaw, 2; George Bolleau, 4; Ori-son Long, 3; Catherine Mead, 3; Shirley Knight, 2; Gladys Avery, 2; Alice Lamb, 2; Lina Greene, 3; Jerome Frankel, 3; Virginia Rigney, 1; Lucille Chapman, 1; Lillian Hopkins, 2; Dorothy Benish, 2; Vivian Bower, 1; Gloria Proctor, 1; Antoinette LaCasse, 2; Berenice Larson, 1.

Check Wins Verdict Over Debate Union

At a joint meeting of Check and Montana Debate union Thursday, Eugene Hunton, and Marciana Raquel of the Debate union opposed the resolution, "A national Department of Education Should Be Created with a Secretary in the President's Cabinet." James Likes and George Norris, representing Check, upheld the affirmative. An audience vote gave the Check debaters the victory. Raquel was adjudged the most effective speaker.

The first meeting of the winter quarter of Check was held last Tuesday afternoon. New officers elected were Charles Zimmerman, Townsend, mediator, and Howard Hubert, Missoula, vice-mediator. Russel Meyer, Neenah, Wis., was re-elected recorder.

Employee Saves Day by Winding Main Hall Clock

Little Time Is Lost by Stopping of Timepiece Before Noon Yesterday

Not a great amount of time was lost when the big clock in the tower of Main hall stopped half an hour before noon yesterday and Ted Kessler soon had it started again.

The truck driver, whose duty it is to wind up the clock once a week, was sick and his substitute forgot to wind it. Students leaving their class rooms at noon glanced at the clock and thought some mistake had been made and they had been excused early.

Up in the tower of Main hall went Kessler. It is a good sized crank that operates the winch to raise the 350-pound weight which operates the time mechanism of the clock. And it is still more work to operate the winch that raises the 2200-pound weight for the striking mechanism.

The stopping of the clock yesterday reminded Kessler of an incident pertaining to the same clock which took place in 1908 or 1909 when he was a newcomer to the University maintenance department. About 6 o'clock one morning, Richard Kessler, now chief engineer at the heating plant, came to school to find both hands of the clock missing.

With considerable difficulty he fashioned new hands for the clock and installed them. He tried to find out where the hands had been taken by the practical joker but for some time he had no success. He finally succeeded in getting one student to tell where they were, but they were never put on the clock. The original hands are now in the rear of Mr. Sparks' office and the substitute hands are still seeing service on the clock.

Cost of Football Compiled by Meloy

(Continued from Page One)

purpose of acquainting them with the financial situation of our most expensive activity, football. The statement shows that we have incurred a deficit of some three thousand dollars this year. This is not so alarming as it might seem, because it has been the usual thing to carry over some deficit every year and in the year 1928 we carried over a debt of \$2,800.

"The statement is, however, indicative of the fact that, in the face of the depression, the students will have to show a higher degree of co-operation in the future than they have in the past. By co-operation, I mean not only support and advertising for the games themselves, but a moral support for the team and management.

Department Saves Money

"A great deal of credit must be given to the athletic department in the savings that they have made this year, but in spite of these savings, the fact that we had two home conference games this year put us in the red. Consequently, it will be necessary for the students to be satisfied with only one home conference game next year in order to prevent another deficit.

"I would like the students to become conscious of the fact that athletics is a business affair and every student is, so to speak, a stockholder. The success of these athletic enterprises depends upon their co-operation and support."

MATH CLUB ADDRESSED

BY H. CHRISTIANSEN

An unusually good attendance of Math club members heard Harold Christiansen, junior in the School of Business Administration, talk on "Higher Difference Interpolation," Thursday night.

Two Fast Games Feature Hockey League Opening

Arts and Sciences Team Defeats Law Squad; Independents Lose To Foresters

Intramural puck chasers got busy Saturday and provided several thrills for the spectators watching the opening of the hockey league at the municipal rink.

In the first game, the Arts and Sciences team defeated the Law squad, 3-2, in an overtime thriller, both teams playing a sensational game on the soft ice. The lineups:

Arts and Sciences—Link, Gratton, Davis, Akin, Winn, Thibodeau. Law—Anderson, Sheehan, Corrette, Alexander, Davenport, Brown; Utility—Kelleher, Chapman, Hendon.

In the second game of the afternoon, the Independents padded with players from other teams, lost a spectator contest to the Foresters. Goodacre was the leader of the Forestry offense, and Kinonen starred for the losers. The lineups:

Forestry—Hague, Goodacre, Bob Cooney, Landall, Brooks and Ostrom. Independents—Ted Cooney, Davis, Kinonen, Angland, Hamma and Nybo.

The next game of the series will be played tomorrow when the Arts and Sciences and the Foresters meet.

HOME ECONOMICS CLUB, FORESTERS WILL MEET

A joint meeting of the Home Economics and Forestry clubs will be held February 1 in the library of the Forestry building, it was decided at the last meeting of the Home Economics club, according to Geraldine Ohrmann, president.

Meetings have been changed to the second and fourth Wednesday of the month.

Notices

There will be a very important meeting of all members of Kappa Tau Thursday afternoon at 4 o'clock in Main hall, Room 107.

GENE SUNDERLIN, President.

Central Board meeting changed from Tuesday to Wednesday, January 25, at 5 o'clock.

Freshman debate members who were scheduled to meet at 4 o'clock Wednesday at 616 Eddy, will please meet at 7 o'clock Wednesday evening.

Anyone interested in hockey or bowling please turn their names in at the Barb office. More entrants are needed before Saturday.

Sororities wishing to use the women's gymnasium for practice on Thursday evening may do so by making arrangements with Miss Nickey before 4 o'clock Thursday afternoon.

Intersorority board of W. A. A. will meet this afternoon at 4:30 o'clock at the women's gymnasium. All sorority representatives are urged to be present as the meeting is important.

Mrs. C. H. Clapp will address the Fellowship group on "Youth Fronts Problems, Personal and Social" at 8:30 o'clock tonight at 616 Eddy avenue.

There will be an interfraternity debate Wednesday evening at 8:30 o'clock at 616 Eddy avenue. All debaters in-

ILLUSION:
This very old illusion was invented by Indian fakirs. The secret was unearthed in 1849 by the great magician, Robert-Houdin. At that time, ether had just been discovered, and little was known about it. Houdin claimed that he had discovered that this new anesthetic could make people light as air. To prove it, he caused the subject to rise into the air and float apparently suspended. He passed a hoop around the body to show there were no wires or supports.

EXPLANATION:

There are many, many explanations for this old trick. One is that the girl wears a concealed harness, which ends in a socket between her shoulder blades. This is attached to a piston below the stage. The piston is pushed up from below, causing her to rise in the air. The piston is invisible, because it is covered with mirrors which reflect surrounding draperies, similar to the background. The magician can pass the hoop over her body because it is cut in one place. It can be pulled apart for a second when it passes the piston.

TOBACCO**
IN A MATCHLESS BLEND

**It's fun to be fooled —
...it's more fun to KNOW**

Another "magic show" is cigarette advertising.

One of its greatest tricks is the illusion that cigarettes can be made miraculously "MILD" through manufacturing methods.

THE EXPLANATION: All popular cigarettes today are made in modern sanitary factories with up-to-date machinery. All are heat treated—some more intensively than others, because raw, inferior tobaccos require

more intensive treatment than choice, ripe tobaccos.

The real difference comes in the tobaccos that are used. The better the tobacco, the milder it is.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is why Camels are so mild. This is why Camels have given more pleasure to more people than any other cigarette ever made.

It's the secret of Camels' rich "bouquet" ...their cool flavor...their non-irritating mildness.

All the natural, ripe goodness of Camel's tobacco is kept fresh for you by the famous air-tight, welded Humidor Pack. Don't remove it.

CAMELS

For Women Only

Appearances are deceiving. A finger wave and a facial will go far toward transforming the ugly duckling and even freshening the swan.
